

4-H Filmmaking Workshop Video 1: Introduction Video

Script

Morissa: This film is brought to you by 4H, America's largest youth development organization, in collaboration with Montana State University and TERRApod.

[music]

Morissa: Hi, I'm Morissa, and welcome to the online video workshop. Do you want to learn how to make videos? Well, that's good, because I'm here to help you learn. In this online video workshop, we're going to teach you about the technology in front and behind the camera. We're also going to teach you about problem solving and teamwork skills to help you in the field. This is going to give you a great head start to someday maybe show your films to your family, friends, and maybe even the world!

[music]

Morissa: Right now, I'm going to show you how to navigate the website. Here's the website.

[music]

Morissa: Even though this is an online video workshop, we want it to be interactive. What we mean by that is we don't want you sitting at your computer all day taking notes and memorizing; we want you to try out these skills in the field. And don't be afraid to make mistakes. The most important thing to remember is to have fun!
